

I Centron Environmental Monitoring System

Centron Environmental Monitor & Access Control System 1-2

Centron Tower Dedicated Environmental Monitor 1-3

e-Centron Environmental Monitor 1-4

CentronSQL Software Options 1-5

Software Options 1-6

Virtual Centron 1-7

Satellite Tower 1-8

Options-Phoneline Backup 1-9

Multiplex Remote Input Panel 1-10

Multiplex Remote Panel w/24 Volt Internal Power Supply 1-11

Multiplex Remote Input Panel w/Data Buffering 1-12

II Sensors

Air Velocity 2-2

Ammonia 2-3

Carbon Dioxide Monitor 2-4

Flow Transmitter 2-5

Humidity

Humidity/Temperature Transmitter 2-6

Humidity/Temperature Transmitter for Stability 2-7

DC-Input Dual Channel Signal Isolator 2-8

Relative Humidity Sensor (Wall Mount, Water Resistant) 2-9

Relative Humidity Transmitter (Wall Mount) 2-10

Light

Light/Temperature/Humidity Modules 2-11

Lighting Override Timer, Manual 2-12

Oxygen Sensor 2-13

Power Line Monitors

115 Volts 2-14

220/440 2-15

Pressure

Large Diaphragm Pressure Switch 2-16

Pressure Switch 2-17

Differential Pressure Switch 2-18

Negative to Positive Differential Pressure Switch 2-19

Rotation Sensor 2-20

Shaker Sensor 2-21

Surface Water Detector 2-22

Light 2-23

Sensors *(continued)*

Temperature

Ambient Temperature Sensor..... 2-24
 Cryogenic Thermistor Probe..... 2-25
 Thermistor Probes..... 2-26
 Temperature Stabilization Kit
 Sand Kit 2-27
 Temperature Stabilization (Equilization) Kit
 Glycol..... 2-28
 RTD Temperature Sensor..... 2-29
 Thermocouple Amplifier..... 2-30

Gas

Combustible Gas Sensor 2-31

III V.2 Wireless..... 3-2

V.2 Wireless Universal Transmitter 3-3
 V.2 Wireless Ambient Temp. & Relative Humidity Sensor Module 3-4
 V.2 Wireless USB Coordinator 3-5
 V.2 Net TCP-IP Wireless Coordinator 3-6
Version 1 Wireless..... 3-7
 Wireless Receiver-418 MHz..... 3-8
 Wireless Receiver-900 MHz..... 3-9
 Wireless Repeater..... 3-10
 Wireless RF-BUF 3-11
 Wireless 418 MHz Transmitter (Thermistor)..... 3-12
 Wireless Temperature and Relative Humidity Transmitter..... 3-13
 Wireless 418 MHz Transmitter (4-20mA) 3-14
 Wireless Sensor Analog 0-5V..... 3-15
 Wireless Options Europe..... 3-16

IV Automated Watering

Re-Circulating UV Watering System 4-2
 Pressure Reducing Panels – Auto & Manual Flush 4-3
 Flush Sequencers 4-4
 Animal Cage Rack and Hose Flushing Systems..... 4-5
 Water Storage Tank Assemblies 4-6

Automated Watering *(continued)*

Water Pressure Tank 4-7
Chlorinator 4-8
Reverse Osmosis 4-9
Water Softening and Conditioning 4-10
Hoses..... 4-11
Quick Disconnects 4-11
Transmitters 4-12
Pumps..... 4-13
Room and Zone Piping Kits 4-14

VLighting Control/Output Devices

Output-8 Board 5-2
Output-8 Board with Power..... 5-3
Relays..... 5-4
Alarm Output Devices..... 5-5

VI Centron Access Control

Centron Access Control 6-2
Centron Windows-Based Software 6-3
Centron Net Direct Software 6-4

Keypads and Readers for Access Control

Keypads 6-5
Magstripe Insertion Readers..... 6-6
Magstripe Insertion Readers with Keypad 6-7
Magstripe Swipe Readers..... 6-8
Magstripe Swipe Readers with Keypad PIN 6-9
Proximity Reader 6-10
Proximity Card Reader 6-11
Proximity Cards and Accessories 6-12
Wiegand Reader..... 6-13
Wiegand Reader with Keypad 6-14
Egress Accessories 6-15
Intercom Egress Button 6-16
Locking Devices..... 6-17
Freezer Locks 6-18
'Unlatch' Electronic Strike 6-19

Access Control *(continued)*

Electronic Door Strike ANSI..... 6-20
Zone Loop Indicator Light 6-21
Key Switch Override 6-22
Power Supply 6-23
Battery Backup 6-24
Acoustic/Vibration Glassbreak Sensor 6-25
Magnetic Contact Door Switch 6-26
Motion Detectors..... 6-27
Window Bug..... 6-28

VII Validation and Service Plans

Validation Service - 2 per year 7-2
Validation Service - 1 per year 7-2
Validation Second..... 7-2

Service Contracts

One year Contract 7-2
Software Upgrade 7-2
Tech Service, 1 year..... 7-2
Tech Service, 3 months 7-2

Premium Calibration Services

Five Point Certified Sensors with Certificate 7-2
Three Point Calibration..... 7-2
Alarm Limit Testing 7-2

Premium Sensor Calibration Protocols

Premium Sensor Calibration Protocols 7-2
